

## **1. What is the Indian Paperless League?**

Indian Paperless League (IPL) is India's first ever digital league - an initiative by DRiefcase that aims at educating people about the importance of digitization of health records.

DRiefcase, India's first ABDM-approved health locker and PHR app, allows users to store and manage their personal health information in a secure digital format. It also allows users to create ABHA, track health metrics and access information related to health and wellness.

Through the campaign, DRiefcase is encouraging people to join the digital movement, so that their family's records are safely maintained in an organized manner. After all, the benefits of digitizing health records include easy access to important health information anytime, anywhere and more efficient communication with healthcare providers.

Additionally, digital health records also help to reduce the risk of lost or misplaced records and provide better security and privacy for personal health information.

To make this campaign engaging and interactive for participants, DRiefcase launched a page with activities, where users can participate, earn scores and win daily as well as weekly rewards.

## **2. Who can participate in the league?**

The Indian Paperless League is open to all the citizens of India aged 18 years and above.

## **3. How can I increase my chances of winning?**

The more you play, the higher the chances of you winning. The Indian Paperless League page has a certain set of scores for each activity you participate in. Be it playing the daily quiz or watching IPL videos on the page and sharing it with your friends, etc. You will be rewarded for everything you do, as long as you participate every day and rank higher on the leaderboard.

Kindly note that frivolous entries will be disqualified from the League. Only genuine entries will be considered. Management discretion in this regard will be final and binding.
